Fax : 381 11 24 47 382

Belgrade – Paris: 14 - July - 2006

Dear Colleagues:

Thank you very much for your cooperation and fine abstract that you have submitted to the Conference. We are indeed pleasantly surprised with the number of submissions coming from authors from 35 countries. We expect to have successful Conference and good time together in Herceg Novi. However, large number of submissions means that we shall have very tight schedule to follow, so please prepare your presentations according to the following instructions:

**Invited lectures:** 30 minutes talk including time for questions and discussion

**Oral lectures:** 15 minutes talk including time for questions and discussion

Please prepare electronic version of the presentation in Microsoft Power Point or Adobe Acrobat format. Title of the file need to have the name of the author and the ICOM code, for example 123-Smith.ppt. Submit electronic version of your presentation at the desk during registration (CD, USB, no floppy disk). Sometimes is helpful to take additional copy of the presentation with you. We suggest you not to use your own notebooks for the presentation – Conference organizers will provide all necessary equipment.

**Poster** dimensions 100 cm wide – 120 cm length (not larger).

**Conference desk** will be installed at the Hotel reception on August 30 at 15:00.

**Manuscripts** for the Conference proceedings need to be submitted at the Conference desk or by email to Conference chairmen after the conference (deadline September 21<sup>st</sup> 2006). Because of large number of submitted presentations we must restrict the size of accepted manuscripts to 4 journal pages (5 in case of Invited lectures). Please examine Optical Materials website and/or papers published in the journal to accommodate the size of your manuscript. Organizers will try to provide you with the manuscript template in following days.

Best regards,

Dr Miroslav Dramićanin

Dr Bruno Viana
